XII. SEPARATION AND RECYCLING REQUIREMENTS

1. **Metal containers:** Shall be free of all contents, shall have one end removed, and shall be deposited in the designated area.
2. **Tires** – disposal of tires shall be limited to residents only. NO commercial disposal of tires shall be allowed. All tires shall have rims removed if possible.
3. **Building Materials** – All residues from construction or demolition of buildings shall be inspected by the facility attendant prior to disposal.

XIV. TREE LIMBS AND BRUSH

1. Tree limbs and brush **5 inches or less** in diameter shall be deposited in the area designated **for brush. NO STUMPS ALLOWED.**

ORDINANCE- RECYCLING AND USE OF TRANSFER/RECYCLING CENTER – PAGE 5

XV. VEGETABLE MATTER

1. All lawn clippings, leaves, green and dry garden waste, and other vegetable matter shall be deposited in the area designated for compost.
2. No plastic garbage bags, or other containers shall be deposited with discarded vegetable matter.

XVI. PLASTICS

Containers labeled with a recycling logo #1 or #2. Caps are not recyclable and should be removed, containers also should be rinsed.

clamshell food containers are NOT recyclable, even though they are a #1.

If you're not sure just ask.

Styrofoam can now be recycled, look for the #6 somewhere on the foam if you're not sure ask.

PLASTIC BAGS

The NexTrex® program recycles flexible polyethylene (PE) plastic film, including grocery bags, bread bags, bubble wrap, case overwrap, and plastic shipping envelopes. Materials must be **clean, dry, and free of food residue**. Items must stretch when pulled and should not be crinkly or metallic

XVII. GLASS

1. Glass shall be recycled in the designated containers.
2. No glass shall be deposited with normal household waste.
3. Windows and motor vehicle glass shall be weighed and deposited in the construction debris as these items are not recyclable.

XVIII. CANS

1. All aluminum cans shall be recycled. They shall be empty and deposited in the designated area.
2. All tin-cans and non-aluminum cans shall be recycled. They shall be empty and deposited in the designated area.

XIX. NEWSPAPER, MAGAZINES, PAPER

1. Newspapers shall be clean and dry and shall be deposited in designated area.
2. Magazines and other "slick" paper publications shall be deposited in the designated area.
3. Mixed paper (basically any kind of paper you can rip by hand) shall be deposited in the designated area.

Acceptable paper to recycle – office paper, computer paper, fax paper, soft cover books, posters, white/colored paper, manila folders, envelopes, junk mail, cereal boxes, shoe boxes, egg cartons, brown paper bags, hard covered books with the cover removed, school paper (ruled, construction paper)

Not accepted – tyvek envelopes, gift paper, blueprint paper, plastic bags, food contaminated paper products (paper plates, napkins), waxed paper, carbon paper, aseptic packages (drink cartons), any type of frozen food boxes, beer boxes, soda boxes of this type are not recyclable and should be thrown in with your regular garbage.

XX. CARDBOARD

1. Clean, dry, corrugated cardboard shall be flattened and deposited in the designated area.

XXI. WASTE OIL

1. Waste oil from personal use only shall be deposited in the Waste Oil drum provided.
Must be oil only – no water or Mixed with Antifreeze.

XXII. BATTERIES

1. Wet cell batteries shall be deposited in designated area – see fee schedule.
2. Rechargeable batteries such as nickel-cadmium (Ni-Cd), nickel-metal hydride (Ni-MH) and lithium-ion (Li-Ion) batteries, contain hazardous heavy metals and should **not** be put in the trash. Lithium-ion batteries can be found in just about every device on the market today from toys to electronic devices to vehicles. When exposed to water or damaged in any way, they are highly reactive and can ignite causing intense

- fires. **Lithium-ion batteries should never be put in the trash!** Tape both ends of the battery before bringing them to the facility.
3. Vapes should never be placed in household trash or recycling bins because they contain hazardous lithium-ion batteries and nicotine residues. Properly recycle them by taking them to a Household hazardous waste day or a designated e-waste facility, or a local vape shop that offers a take-back
 - 4.

XXIII. AMENDMENTS

The Board of Selectmen may, after a public hearing, amend any section of this ordinance to address the needs of the time without further action of Town Meeting.

XXIV. VIOLATIONS, FINES AND ASSESSMENTS

Any person who violates this ordinance shall be subject to penalties after a second written warning equaling \$50 for first offense; \$100 for second offense; \$250 for third offense with the suspension or termination of access to the facility.

ORDINANCE- RECYCLING AND USE OF TRANSFER/RECYCLING CENTER – PAGE 6

XXV. SEPARABILITY

The invalidity of any provision of this ordinance shall not affect the validity of any other provision nor the validity of the ordinance as a whole.

XXVI. TRANSPORTING

It shall be unlawful to transport rubbish of any kind through the streets of Ashland unless it is properly covered and secured to prevent its falling on the street.

XXVII. OFFICIAL USE OF AREA

It shall be unlawful for any person to be within the confines of the town's recycling center unless on official business, whether the center is open or closed. This includes – bicycles, motorcycles, snow machines, and any person on foot.

There will be absolutely no shooting in the transfer/recycling center area. Anyone found in violation of this will be fined not less than \$50.00

XXVIII. EFFECTIVE DATE

This ordinance shall take effect following the Selectmen's public hearing.
